ACCESSION NO [REDACTED]

TO: Chief, Communications [REDACTED]

FROM: [REDACTED]

SUBJECT: [REDACTED]

Re: [REDACTED]

1. The [REDACTED] equipment was received in good order at this station as nearly as we can determine here without the advice of a technician. It is currently stored in a small room under the eaves opening off the communications office and is secured by a standard door lock and a Yale door lock, the keys of both being kept in the communications safe. [REDACTED] and [REDACTED] are the only personnel of this station having access to the storage space.

2. It would be appreciated if [REDACTED] could come to [REDACTED] as soon as practicable to discuss implementation plan with personnel [REDACTED] involved.
